

10" BATTERY OR ELECTRIC PORTABLE FAN

O2 COOL[®]
cool by design[™]

O2 COOL[®] Battery-Operated Fans are the "cool" way to beat the summer heat. With *up to 40 hours of battery life, along with great features and designs, these fans will keep you cool in any situation.

Powered by an
ENERGY STAR[®]
qualified adapter
for a better
environment

PORTABLE PLUS[™] FANS NOW YOU CAN TAKE THE COOL WHEREVER YOU GO

More than just another battery-operated fan, these small wonders are capable of running off of multiple power sources and deliver extended battery life, making them a must-have for power outages or other emergency situations.

MODEL 1071

10" BATTERY OR ELECTRIC PORTABLE FAN

- Dual Power Sources: Plug in with the AC Adapter (included) or use 8D cell batteries (not included).
- Powerful two-speed 10" fan blade offers quiet cooling.
- Convenient flip-up hook and handle.
- Compact design makes it great for travel and easy to carry and store.
- *Up to 40 hours of battery life
- US Patents D546,933; D556,892 and other patents pending
- For the 2010 season O2 COOL[®] fans will include an energy efficient adapter that is 30% more efficient than traditional adapters.

- Color: Black

- Retail Packaging: Color Box

*Final battery life depends on the age and quality of actual batteries used. Battery life is determined using low speed.
